# About Us **KEP Lifts** RAISING THE LEVEL

KEP Lifts has grown from strength to strength across the United Kingdom. We continue to grow as a company that already has contracts with multiple London Boroughs, as well as working with some of the biggest UK Events in some of the most iconic landmarks across the country. Alongside this we have enjoyed much success working on private residential projects where our knowledge and experience have led to the completion of many superior lift solutions.

Our growing team of engineers are carefully selected to ensure the highest level of experience and skill goes in to each and every project. All Engineers are NVQ qualified and DBS checked who, we are proud to say, receive regular praise from our customers.

Together we offer over 30 years of experience in the industry to the benefit of our customers, ensuring that we are always equipped to tackle any lift. As one of the UK's leading lift companies KEP Lifts installs and maintains a large amount of lifts across the country. Our customer service team are always ready to help, providing swift efficient assistance no matter what your need. This extends into cost effectiveness for our customer, this efficient working behind the scenes enables cost effective solutions for every need.
